Objective: An adaptable computer science student graduating in December 2025, leveraging strong problem-solving, communication, and teamwork skills to contribute effectively in a collaborative tech environment.

Education:

- **Middle Tennessee State University, Murfreesboro, Tennessee**
 - Bachelor of Science in Computer Science (Expected Graduation: December 2025)
 - Overall GPA: 3.4
 - GPA in Computer Science classes: 4.0
 - Trustee Scholarship recipient

Relevant Coursework:

- Algorithms & Data Structures: Applied fundamental concepts in programming to solve complex problems.
- Assembly & Computer Organization: Explored low-level programming and computer architecture principles.
- Discrete Structures: Studied mathematical foundations crucial for computer science applications.
- Calculus II: Applied calculus concepts to analyze and solve computational problems.

Key Skills:

- Technical: Java, C++, HTML/CSS/JS
- Soft Skills: Problem Solving, Communication, Teamwork

Experience:

- **Publix Supermarkets, Nashville, Tennessee**
 - *Front Service Clerk (December 2019 – June 2021)*
 - Developed teamwork, communication, and responsibility skills in a fast-paced retail environment.
 - *Cashier / SCO Attendant (June 2021 - Present)*
 - Demonstrated problem-solving, flexibility, and leadership skills by training peers and handling various customer service tasks.
